

Mr. Colin S. Tam
CEO
AEI Asia Ltd.

Mr. Tam was appointed CEO of AEI Asia Ltd., a subsidiary of AEI (www.aeienergy.com), in May 2007. He is responsible for all the business activities of AEI in the region which include thermal and wind power generation, natural gas distribution, and water desalination facility in China and Pakistan.

Before joining AEI, Colin was the founder, Chairman and CEO of Meiya Power Company Limited (1995-2007), a leading foreign IPP company in North Asia with a gross ownership of over 10,000 MW installed power generation capacity which his team had put together from 1993 to 2007. Having over 30 years of experience in the energy industry, Mr. Tam has a deep understanding and broad knowledge of the power and gas industries both in the United States and Asia. During his career with AEP and Air Products and Chemicals, Inc., Mr. Tam held senior positions in several influential national trade organizations in the US.

In Asia, Mr. Tam is currently Chairman of the Energy Committee of the American Chamber of Commerce in Hong Kong, Director of the Hong Kong Association of Energy Services Company (HKAESCO), and the founder and current Chairman of the Independent Power Producers Forum (IPPF) in Asia.

Mr. Tam was born in China, raised in Hong Kong, and received his college education in UK and USA. Mr. Tam holds a Master's degree in Business Administration from Pace University, a Master's degree in Electrical Engineering from Polytechnic Institute of New York and a Bachelor's degree in Electrical Engineering from New York University. He is a US citizen and has been living in Hong Kong since 1993.
