

Independent Power Producers Forum

as of September 29th, 2005

Full Memberships in the Independent Power Producers Forum (IPPF)

The IPPF is a global organization with a mandated focus on the Asia / Pacific region. Membership is corporate. Listed individual executive members and alternates can be based anywhere in the world.

Benefits

IPP's are the continuing core category around which everything else revolves.

Full membership is restricted only to power generation firms (IPP's) actively engaged in the developing and running of power plants in the Asia Pacific Region.

Further Benefits

➤ **CEO/ Decision –Maker Facilitation**

Full Members enjoy an access to a pool of key power generation industry executives and related decision makers that is unparalleled in the industry. We have deliberately kept our Full Member criteria at the highest possible level in terms of who is allowed to join from power generation companies. Because Full Membership is restricted only to power generation companies and those executives who actually run these Power Generation Firms, we have attracted a stellar line-up of Associate Members that represent every aspect of the industry.

➤ **Committees / Focus Groups / Taskforces**

Full members may Chair, Co-Chair and serve on committees and run focus groups at the discretion of the Executive Committee. Associate Committee Chairs may also appoint persons to their groups but all of these committee members must belong to IPPF, either as a Full or Associate Member.

➤ **Conference Attendance**

For IPPF “controlled or sponsored” events, 100 % waiver of registration fee. For IPPF “endorsed “events, attendance discounts can run from 20% to 100% depending on IPPF's role with the outside organizers.

➤ **Events/ Conferences/ Parties**

Full Members may attend all IPPF parties, conferences, seminars, retreats without (IPPF) registration fees. Exceptions may occur if other organizations are involved with their own separate charge/ fees

➤ **Functional Offices / Appointments**

Full members may hold specific offices such: Country chairs (North America, Asia, Europe, etc.) They may form committees to assist them on whatever is necessary on behalf of the IPPF.

➤ **Speakers Priorities**

When opportunities arise to address governmental bodies, chambers, trade missions, conferences, seminars or panels, as conference/ workshop chairs, or as sole podium presenters, Full Members are given first refusal priorities immediately before Associate Member second refusal options.

➤ **Listed Members**

Full member firms may list / appoint a total of three “Listed” members, one of whom should serve on the Executive Committee and as a Full Vice Chair. It would be advisable if these three individual listed members were based in three separate cities / countries.

➤ **Alternates**

Full Members firms may appoint any amount of “alternates” to enhance their leadership involvement spread, limited only to the proviso that all such Alternates must be members / employees the company.

➤ **Membership Options**

We now selectively allow (since Fall of 2003) power generation firms to have the option of joining the IPPF as Associate Members on a case by case basis.
