IPPF Profile (www.ippfpowerasia.com)

Serving the power generation industry. We vertically include all aspects and details in the development / construction / commissioning and distribution – transmission of power. This takes in capital formation, fuels, legal framework / contractual negotiations, infrastructure, technical, equipment / turbine manufacturers, distribution, emissions / GHG / CER-CDM trading platforms. Horizontally, we include all of Asia, from the Bosphorus to Asia Pacific and Australasia.

The membership profile covers all key entities and sectors relating to power generation: Gas, Coal, Oil, LNG, Legal, Finance, Insurance, Security, Equipment, Alternative and Sustainable Technologies, etc.
